Clever Little Pod is a short comedy podcast. These jingles should be dynamic-sounding in style, similar to much of the content on your 'voice' demo. Please just 'play it straight' even though it's for a comedy show.

### **Custom jingle #1**

#### ***Script:***

Written at the last minute... recorded on the cheap ... and downloaded by mistake... this is – Clever Little Pod.

#### ***Production:***

Each pause punctuated by a sting/effect. Dynamic delivery style.

### **Custom Jingle #2**

#### ***Script:***

24 hours a day (*just put us on repeat*). Unsigned music. Unhinged comedy. Clever Little Pod.

#### ***Production:***

Similar but different effects to #1, the phrase in brackets to be delivered as an aside, but not breaking out of the 'dynamic' feel. Perhaps a few beats under "Unsigned music. Unhinged comedy" and then a full stop before the show title.

### **Custom Jingle #3**

#### ***Script:***

Podcasting to the globe, whether it likes it or not. More meaningless nonsense. Keeley Harker. Gary Dring. Clever Little Pod.

#### ***Production:***

Similar dynamic 'feel', perhaps 2 different distort effects on the two names.
